# Catch Us While You Can!

## 25 + Years Making Art on Vashon

### Call For Visual & Performing Artists

An exhibition to include the best (and oldest) of the best! Open to any visual or performing artist who has lived and worked on Vashon for 25 or more years, this show is a tribute to YOU. You are the artists who grew the arts on the Island, paved the way for new artists to emerge and continue to delight and enrich the senses of the Island community through music and visual art.

The exhibit runs from September 7 through September 30, 2018 at the incredibly remodeled Open Space for Arts and Community featuring elegant gallery and performing venues. Opening night September 7 with music and art events and performances throughout September both inside and outdoors. Visual arts curated by Christine Beck and Kristen Reitz-Green and performance events curated by Allison Shirk and Pete Welch of Vashon Events.
